what we do - we do well

Hospitality Cleaners is a privately owned business established in 2016. Since that time we have provided a comprehensive range of cleaning services to a range of hospitality clients and built a sound reputation in the industry. To maintain our high standards, the cleaning staff participate in regular training programmes and are evaluated on a routine basis, this also ensures that any work is performed without risk to health and safety. All cleaning materials and equipment used are fully approved. Additionally, we are continually evaluating new products which contribute to our commitment to an eco-friendly environment.

We regularly communicate with our clients to obtain feedback, ensuring that we can quickly attend to any matters of concern. Are you satisfied with your current cleaning arrangements? Is the service reliable and meeting your expectations? At **Hospitality Cleaners** we pride ourselves in delivering a reliable, quality, cleaning and restoration service. Look no further – we are the best.

Wood floor restoration

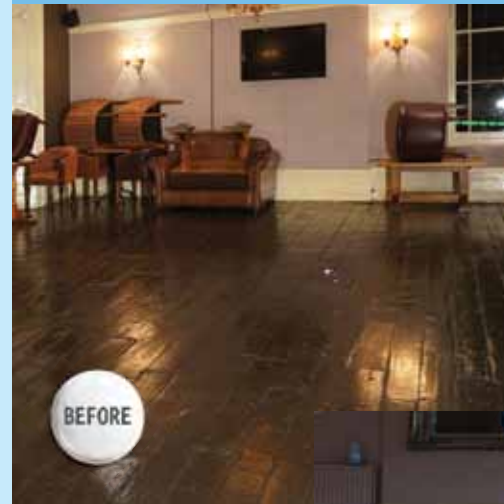

Hospitality Cleaners uses a unique restoration process far superior to the traditional sanding floors method. The process uses no water or chemicals which can result in damaging wooden floors irreparably.

Our “Dry-Way” method can restore your floor to its natural beauty even if its current state may look beyond hope. By using **Hospitality Cleaners** even badly worn and damaged floors can be restored to an impressive standard.

All work will be completed in a few days, depending on the size of the project, and can usually be carried out without any interruption to your business.
